

CESC Report – CAAT-A Local 653 2021-2022
OPSEU Local 653 GMM; May 13, 2022.

As was the case in the 2020-2021 academic year, the CESC did not meet in the 2021-2022 academic. No issues arose this year which triggered either side to call for a CESC meeting, however in recent years the college has had a tendency to decline requests from the local to convene CESC meetings. It is hoped that with changes to the senior management team and HR at the college the situation will improve in the future and that accordingly the college will be receptive to future requests for CESC meetings.

Clint Sheehan

A handwritten signature in blue ink, appearing to read 'Clint Sheehan', written in a cursive style.

Northern College CESC Co-chair – Local 653
